PROFILE

Software Engineering graduate from Riphah International University with hands-on experience building around ten web and mobile applications. Comfortable turning design mockups into responsive interfaces, building forms and authentication flows, and connecting frontends to backend systems. Looking for a Web Developer or Mobile App Developer role where I can contribute to a real product on a professional team.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Responsive Design

Mobile: React Native, Kotlin, Java (Android)

Styling: Tailwind CSS, Bootstrap, Material UI (basic)

Backend: Node.js, Express.js

Databases: MongoDB, Firebase, Supabase (PostgreSQL)

Tools: Git, GitHub, VS Code, Claude CLI, Cursor

PROFESSIONAL EXPERIENCE

Freelance Android Developer — Mivan Global

Working as a contract Android developer for a UK-based client, building a warehouse/PDA management application using Kotlin and Java for handheld scanning devices.

Freelance Android Developer — BizFinder.ai

Working as a contract Android developer on BizFinder.ai, translating client-provided designs into fully functional native Android UI using Kotlin and Java.

PROJECTS

Remote Work Monitor & Team Collaboration Suite

A real-time remote team management platform that enables task tracking, productivity monitoring, video/voice communication, and seamless team collaboration with live sync and role-based dashboards.

Jarvis AI Assistant

An AI-powered Windows automation tool that enables system control, application management, WhatsApp automation, and development workflow automation using natural language commands.

Mivan Global Suite

A business website built with Next.js for Mivan Global Ltd, providing a modern, responsive, and scalable corporate web presence.

Sales Management System (NEXUS Enterprise POS)

A full-featured retail management and POS platform that enables businesses to manage sales, inventory, customers, orders, expenses, and reporting with role-based access, real-time tracking, and a modern admin dashboard.
